Too many ‘thank yous’ to mention. I’ll start with the songwriting buds in my longtime BSA West Songwriting Circle Group; mainly Laurence Baer & Ellis Woodward, anyone who has encouraged me to continue writing songs, anyone who was an influence in any of my songs, the guys in Richard Walton Group & Crack The Sky, all the wonderful folks who come out to the performances, my immediate family & my church families. Most importantly to God and to my wife Tecla, who made all of this possible with her love, support & patience.
