Nothing Without You (Richard Walton)

Your hands made all the earth and sky
That's giving us everything
Maker of life

Your love gave us the eternal gift
The everlasting
Giver of life

I'd be nothing without You
Because your word it still holds true
Holy Spirit fill me through and through
I'd be nothing without You

Your love shines through those cloudy days
That's giving me everything
Giver of life

Your peace calms troubled waters
In the wake of a storm
Maker of life

I'd be nothing without You
Because Your word it still holds true
Holy Father bless me through and through
I'd be nothing, I'd be nothing
I'd be nothing without You
